

LubeSoft® Invoice Options

LubeSoft *Signature Capture.*

Review LubeSoft work orders and capture customer signatures via an Apple® iPad® - all in the palm of your hand!

Conveniently review work order information with your customers and collect their signature anywhere in your shop.

Signature capture technology automatically saves and prints your customer's signature on their plain paper invoice.

LubeSoft *Email Invoices.*

With the click of a mouse, customer invoices can be easily sent to their e-mail inbox directly from the LubeSoft cashier screen.

Delivered as a PDF file, your customers can now archive and organize their invoices and service history in an electronic format.
