

Mobile Cashier

Mobile Cashier Anywhere, Anytime

Use an iPad® to ring out customers anywhere in your shop.

All LubeSoft tendering methods are supported and transaction review with signature capture is embedded within the standard workflow.

Mobile tendering integrates with Merchant Partners payment processing and is paired with a cash drawer for cash/check transactions.

Fully Featured Ring Out Process

- » Integrated Merchant Partners payment processing supports all major credit cards, debit, fleet, and gift card program
- » Supports desktop LubeSoft cashier features like coupon/discount, fleet, club, tax exemptions, marketing prompts, etc.
- » Review transaction details with customers prior to ring out
- » Capture customer signatures on the iPad for printing on invoices
- » Present customers with the option to print and/or e-mail invoices
